GUIDE

Since 2011 Katherine has been immersed in the area of mystical and sacred traditions. Known as the Abundance Mystic, Katherine is a prolific teacher and facilitator of spiritual knowledge for contemporary life. A star child with connections to the Paleidian star system, Sirius, Arc-turus and a past life as an Atlantian, make Katherine a natural Akashic Records reader and resulted in her being granted access to this dimension that has been off-limits to most of humanity for many years.

Katherine is an extremely intuitive Akashic Records Reader. Her visions of her spiritual client’s soul vision astound her clients time after time and her ability to clear karmic and ancestral blocks to bring about positive change in a gentle and manageable manner.

“It is my mission to mobilize the spirituality of the beautiful expansive souls of this wonderful earth. My passion for creating community, credibility and joy via our online spiritual commu-nity, including regular live zoom meetings, YouTube videos and FB messages. I intend to help spiritual souls to learn how to embrace their inner magician, remember who they truly are at a soul level and ignite their passions, whilst expanding their physical, mental, emotional and spiritual horizons.”

Testimonial

“Thank you so much for a magical reading yesterday. It was very special to meet with you and I want to thank you with all my heart for an incredible journey of clearings, healings and a wonderful sprinkle of love and magic.

I had the most enchanting afternoon, slept the best I have for a very long time, I have woken feeling light as a feather and walking on air. I genuinely feel much more “me” and less bogged down by stuff! I seem to also have an air of excitement and possibility about myself too. I could go on – but suffice to say there has been the most dramatic shift, and that is before I do the “homework”.

Words do not really do justice for the experience I had but you are so warm and gentle, while also having such a grounding and wise manner. I am delighted that I chose you for this very important work.

*Thank you, thank you, thank you.
Have a fabulous day”. K.C.*

STEPS TO SUCCESS

OVERVIEW COURSE WORK

WHAT YOU WILL LEARN

We have included a comprehensive range of workshops to prepare your body, mind and soul to become an amazing channel and to receive the very high vibrational downloads from the Akashic Record Keepers and guides in the 11th dimension.

As you work through the steps you will become more high vibrational and start to notice wonderful improvements in your personal life.

YOUR HIGHER SELF

YOUR GREATEST ADVISOR

The reason this is such important work is that your higher self is like a periscope. If you imagine for a minute that you are a submarine (your ocean is the whole of planet earth where you live your everyday life) your 'Higher Self' is the periscope that can see above the heaviness of the 3rd dimension.

Your 'Higher Self' knows everything about you, it knows about all your past lives, it also knows what your soul was doing between lives, it knows what soul journey you are on and what decisions you should make in order for your personal soul transformation, growth and even how to live your most magical life on earth during your existence in this time space reality.

Your 'Higher Self' has direct connection and communication with 'Source' (the universe, God, the Creator) whatever you want to call our place of origin, that is where your 'Higher Self' originates from and is still connected to.

Your 'Higher Self' is the part of you that is fully aware of you and fully aware of the bigger picture, the divine plan for you. Your 'Higher Self' also knows the possible futures available to you and more importantly the immediate future. You can consult your 'Higher Self' to get minute by minute information about what path to take, which means that you can save you a whole lot of time, trouble and pain. Thereby ensuring you start living a magically transformed life.

Connecting with your 'Higher Self'

Connecting with your higher self is more about remembering. You have done this before in past lives. Your higher self is anxious to connect with you and bring you the important information you need to ensure you fulfil your mission and purpose for this life time. It will help to keep you on the right path to fulfil your destiny. You have to make the first move however, the universal law insists that the Higher Self cannot interfere without your express permission.

Connecting with your Higher Self can save you a whole lot of time and trouble. During our 'Higher Self' workshop we will go through the magic of connecting with your Higher self and explore the do's and don'ts of how to create a stronger connection. We will also look at common misnomers and potential blocks to connecting with the higher self.

There is more information about this on the website:

Your higher self practice is where your spiritual journey should start...

Let's start at the very beginning...

"Katherine is the most wonderful teacher to have on my and our spiritual journey. Her warmth, assurance and unconditional support, before, during and after workshops and Akashic records readings calm a lost soul and bring a lost soul home.

My life changed in such a fast and positive way after meeting her and having her in my life. Can't be more grateful!" A.W.

"Katherine honours this journey with Integrity providing a very honest clear connection. She also gave me lots of tools and guidance how to integrate into my 3d life after. All over and above any service I could have expected. This has given me the direction I was currently seeking in my life I fully recommend that this experience can enhance everyone's lives. Thank you Katherine." L.B.

"These meditations really held me while I have honed my ability to connect with my higher self. Katherine is a sensitive and caring teacher and has held the whole group after the meditation as well. I have made wonderful new friends, I have a new tool that is encouraging my heart expansion and it's so worth the time and intentionally that it delivers.

I highly recommend this to anyone who wants to have a tool to support their transformation."

Create a magical, lifetime connection with your Higher Self...

MERKABA 1 & 2

A CRYSTALLINE LIGHT ENERGY FIELD

Are ready to fast track your ascension, tap into your innate spiritual skills, and remind yourself of your mission and true soul purpose?

A MerKaBa was used to create this Universe. It is a rotating, geometric, crystalline Light-Energy field, also called a 'fifth dimensional light body'.

Each human has this energy field that extends around the body approximately 55 feet (16.8 meters).

It is activated by both visualization and breathing meditations that activate your Fifth Dimensional, Light Body.

Level one lays the foundation and prepares your body to raise your vibration. Level two takes you further into the activation and allows your innate skills and gifts to drop down into your vibration so that you can use them in your every day life.

PREREQUISITE:

It is important that you have the 3 symbols from your higher self before you program your merkaba. You should only add programs that your higher self has pre-approved.

PROGRAMMING

Program your Merkaba to assist you with every area of your life!

You will be able to achieve things that previously eluded you. Removing blocks to a fulfilling life or difficulty with addictions, become so much easier.

Activate the wisdom of your soul and truly understand your soul's mission or purpose.

Release your Innate spiritual gifts ...Tap into your innate skills and gifts and align with the wisdom of the universe.

This two-part Merkaba activation workshop has been developed to assist intelligent, spiritual people, struggling to move forward with their purpose or mission.

A properly functioning Merkaba field harmonizes your body and spirit with the light.

The Merkaba is a vehicle that connects us in the physical world to the Divine, source energy.

The spinning action of the Merkaba removes low vibrational energy from your four lower bodies. They dislike the new frequency of energy around you.

Activate your Chakras to become more 5th dimensional and receive important messages from your higher self and guides.

We are living in a time when more and more secrets of the 3rd dimension are being revealed. Outdated concepts like fear and manipulations are coming forward so that we can clearly see them and deal with them.

When we change our vibration, we can rise above any anxiety that is going on around us. And when enough of us do this, we reach a tipping point, when enough people shift their chakras to a higher frequency we start to live in a new world.

Change yourself and the world around you in the following ways:

- Fast track your ascension process.
- Release your innate spiritual skills into your everyday awareness and expression.
- Tune your DNA to a frequency where it can help you reach your full potential.
- Integrate the feminine and masculine parts of your mind.
- Experience expanded awareness and connect with your higher consciousness.
- Restore your access and memory of the infinite possibilities as a powerful co-creator.
- Keep up with mother earth as she transitions into her new expression.

“

Activate the wisdom of your soul and it's desire for its greatest expression and expansion.

”

A POWERFUL VEHICLE:

When we activate our Merkabas, all the other spiritual work we do is amplified for a positive end result. Once activated your guided meditations are 10 times more effective.

You may experience light language and understand how to use it to heal yourself and the world around you.

You may experience time travel, teleportation and bilocation.

Your Merkaba can be seen as your very own powerful space ship that is organic, unique to you and designed to help you travel into different dimensions, experience verbudi or other spiritual modalities.

“

Keep up with mother earth as she continues on her transformational journey...

MEET THE DRAGONS

A MESSAGE FROM ON HIGH

THE LIONS/DRAGONS GATE

The Lions gate portal contains within it a dragon portal, over the last 2-5 years the portal has been opening slowly to allow more and more dragon energies to enter into the 3rd dimension.

The portal can lay dormant for thousands of years and it is now a very auspicious time when dragons are able to return to the 3rd dimension and assist humans with their powerful co-creating responsibilities, missions and life purposes.

During our workshop you will be guided to meet your own personal dragon, and interact with all the other dragon families.

Although Dragons are depicted as fierce and even terrifying in illustrations and films, you will find that they have a most compassionate and beautiful, loving energy.

They have a clear mission to assist human kind at this time.

Many of you have worked with your dragon in a previous lifetime and I will show you how to reconnect with these beautiful beings and remember that connection.

How dragons assist humans:

- Help you to change your thoughts, emotions, responses and circumstances.
- Codes of inner change which bring outward change to the mass consciousness
- Release your own karmic burdens and fears you also release these for the mass consciousness
- Remember the dragon light language, brings forth a higher consciousness for humanity to move into.
- Intention to breathe light into humanity and the government organisations that are perpetuation fear and hatred vibration, in order to remove suffering.
- Assist you with all your journeys: mental, emotional, physical and spiritual

“

We dragons are ready to work again with the dragon initiates, magicians, priests and priestesses of the earth plane.

Magicians, we call to you now and ask you to hear our messages.

So that we can work with you and through you...

Wake and hear our calling.

Ahab - Galactic Dragon

Upon time and space is written the thoughts, the deeds, the activities of an entity – as in relationships to its environs, its hereditary influence; as directed – or judgment drawn by or according to what the entity’s ideal is. Hence, as it has been oft called, the record is God’s book of remembrance; and each entity, each soul – as the activities of a single day of an entity in the material world – either makes same good or bad or indifferent, depending upon the entity’s application of self ...

-- Edgar Cayce Reading 1650-1
